DARYL KRAMP WELCOMES FULL MARKET ACCESS FOR CANADIAN BEEF EXPORTS TO HONG KONG

HONG KONG - MP Daryl Kramp is pleased to see positive results for Canada in regaining full access for Canadian beef to the key export market of Hong Kong following a meeting with Donald Tsang, Chief Executive of the Hong Kong Special Administrative Region.

"This is good news for our farmers in the international market." said Daryl Kramp. "With Hong Kong recognizing our Canadian beef to be safe, further markets in the Asia-Pacific region will open. I will continue to work hard both locally and internationally for our farmers to ensure their living in the marketplace."

Hong Kong is a key market for the Canadian agriculture sector and is worth more than half a billion dollars for Canada's farmers and processors. In 2008, Hong Kong was Canada's fourth largest export market for beef.
